

2009 Engineering & Operations
 Conference and Tradeshow
 Spokane, Washington
Student Program
 April 22-23, 2009

Of 51 NWPPA member utilities recently surveyed, over 206 engineers will be needed as the baby boom generation retires!

Are you preparing for the coming shortage of engineering and technical talent?

Sponsor a student at the 2009 E&O Student Program!

Northwest Public Power Association invites its 160 member utilities and 280 associate members to sponsor undergraduate students at the upcoming NWPPA Engineering & Operations Conference and Tradeshow in Spokane, WA, on April 22-23, 2009.

The student program is designed to allow selected undergraduates to take a closer look at the public power electric utility industry. Consider this opportunity to meet some of the brightest young college students available and tell them about your industry, your business and of the opportunities your organization and community can offer! You would be building relationships that could lead to internships and employment for the students you come to know and need for your organization.

Only 10 students will be selected in the student program for the 2009 NWPPA Engineering & Operations Conference and Tradeshow. Sign up to sponsor a student **no later than February 27, 2009!**

Use the form below to sign up to sponsor a student and/or offer a mentor from your organization. For more information go to http://www.nwppa.org/web/09EandOstudent_program.shtml or contact Scott Lowry at (360) 254-0109 or slowry@nwppa.org.
