

## 2022 NWPPA Safety Award Winners Announced

(April 19) The 2022 Northwest Public Power Association Safety Award winners were announced April 14 at the Engineering & Operations Conference in Spokane, Washington. Safety contest awards are based upon a review of each utility's safety contest form, the number of recordable injury/illness cases (the incident rate) in 2021, and the lost workdays (the severity rate) in 2021. Employees accepted the awards on behalf of their utilities at the conference's closing banquet on Thursday evening in front of nearly 400 public power industry peers.
