FAQS

Uh-oh, I attached the wrong document, but I already clicked “Submit.” What do I do?

If your entry is listed as “SUBMITTED,” you will still be able to edit it. If your entry has been “ACCEPTED,” please contact nina@nwppa.org with any changes no later than **June 30**.

Can I and my co-worker each submit entries for our utility?

Multiple individuals from a utility or association may submit separate entries. As an organization, you will be limited to two entries per category (with the exception of one entry for the Annual Report category).

What if my co-worker started our utility’s submission, but I need to finish it?

Only the author of an entry can edit or delete it. Each organization is allowed a maximum of two submissions in most categories (with the exception of only one submission allowed in the Annual Report category); this includes drafts. If you need to work on a submission someone else began or delete a submission you did not author, please contact nina@nwppa.org.

Will I be able to see all submissions from my utility, including ones that are not my own?

Yes, you will be able to view all of your organization’s submissions. However, you can only edit those you have submitted.

Where do I enter my website this year?

This year, there is no dedicated Website category. Please submit internal websites under Internal Communications and other websites under Wild Card.

Where can I find my scores?

Score sheets for your entries will be available free of charge Sept. 21-Dec. 31, 2023, at www.nwppa.org/awards-nominations.

What if there is an issue with my entry?

If there are any problems with your entry, we will attempt to notify you. Please add nina@nwppa.org as a contact to ensure emails regarding your submission do not get marked as spam.
